

	3-May	4-May
Morning 105 min (each)	Carbon-based Materials and UF/NF Membranes for Water Treatment (CM) =5	Novel Membranes/Characterization Methods and Experimental Designs (NMCM) = 5
Afternoon 100 min (each)	Removal of Dissolved Minerals/Metals : Membrane Filtration for Drinking Water (RDMM) = 5	Wastewater Treatment Implemented by Membranes and Alternative Technologies (WTM) = 5
	Renewable Energy and Desalination Technologies (REDT) = 5	Facilitated Transport Membranes : Performance and Applications (FTM) = 5
	Surface Modified Membranes - Water Treatment Systems (SMM-WTS) = 5	Membranes for Industrial Effluent Removal (MIER) = 5
